***

This is to inform that Film Club is conducting "CINE CARNIVAL" on 5th and 6th January 2023.

The theme of CINE CARNIVAL is "WOMEN IN RISE" because we firmly believe that films have more chances for women, although they are constantly challenged to take a step and grab those opportunities for many reasons. The motive of this carnival is to make them aware and empower them in this field.

Below are the links to visit the official website of CINE CARNIVAL and a link to a form that records the students' expression of interest in being part of CINE CARNIVAL.

OBJECTIVE

The objectives of organizing national-level film festivals for students are multifaceted. Firstly, these festivals aim to provide a platform for aspiring young filmmakers to showcase their creativity and cinematic talents, encouraging the production of innovative and thought-provoking student films. Secondly, they serve as educational forums, offering opportunities for students to learn from industry professionals, receive feedback, and engage in workshops and discussions to enhance their filmmaking skills. Additionally, these festivals promote cultural exchange and diversity by featuring films from students representing various backgrounds and perspectives. They foster networking and collaboration among budding filmmakers and industry experts, creating a supportive and interconnected film community. Ultimately, the goal is to inspire and

empower the next generation of filmmakers, nurture their artistic growth, and contribute to the enrichment and evolution of the film industry.

DESCRIPTION

KL SAC has been functioning successfully with various kinds of student activities undertaken in various fields with numerous clubs. The **FILM CLUB** is one of those clubs that work on film-making content. Since its inception, the club's work and activities have marked various events. To magnify the club's influence and portray its true interests, we intend to reach out to the students in a new way with an event named **CINE CARNIVAL**.

The theme we have chosen for this event is "**WOMEN IN RISE**", because we firmly believe that films have more chances for women, although they are constantly challenged to take a step and grab those opportunities for many reasons. The motive of this carnival is to make them aware and empower them in this field.

Films make a significant impact and are usually a part of this society. The concept of film festivals in the country is to engage universities, colleges, and people from various fields interested in filmmaking. As the idea is relatively unexplored in the student community, we are here to make one of the biggest film festivals among the universities and define this as a festive project that could make a national impact. The festival will make a not-a-new-normal cultural impact and provide a paradise for students to let go of their everyday hustle.

The event is planned to be organized on **January 5th & 6th, 2023,** with an intriguing array of contests and activities embedded in the world of art and entertainment it brings into existence. Each of these unique activities engulfs film enthusiasts in a dimension of innovation and ingenuity that summons their defining abilities and treats the spectators to show their endless talent. Lined up with exciting challenges and engaging spaces in a fashion unprecedented at the University, both days are bound to delight film lovers and thrust them to revel in an arena that brims with ardor and artistry.

The first day of the carnival is laden with remarkable events which demand participants to exhibit the perfect blend of inventiveness and panache to prove their mettle.
