

**Name of Event: Raise Your Voice.**

**Event Description:** We see many wrong things happening, but do you have the Solution? Do you think you can RAISE YOUR VOICE against it?

**Guidelines:**

This is Clearly a Speaking Competition So Participants are expected to do some research for their speeches, and their speeches should include information in addition to personal opinion or personal experience. Junior members are expected to do some research, but not as much research as is expected from seniors. For beginner members, research is optional. Also Content is Essential The program maintains that content is as important as delivery. Participants have the right to criticize any situation or segment of society. However, they are expected to (a) document and support criticism, (b) state the criticism in a professional manner and (c) suggest a solution or a better alternative

- The participant should speak regarding the problems in the society of their interest and how these can be resolved.
- Each participant will be given stipulated time to express their views.
- Speech should be completely in English
- During the speech, no student can carry any kind of paper material or electronic gadget.
- The students selected in this round will be appearing for the next round that is PICK AND SPEAK ROUND.

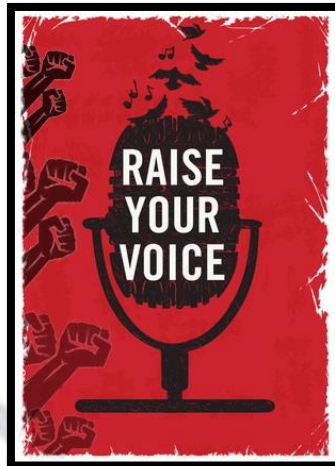

(If Required)

- Speeches are expected to be well-practiced and ready for delivery. Note cards will be permitted, but students must not read their entire speeches from the cards.
- Speech must be on the Recent topics
- A Google form will be circulated before the event in which the participant should provide the details of the topic on which he/she is speaking.
