

Guest Lecture Report

DATE : 21-03-2016
EVENT : **Subject Based Guest Lecture**
TIME : 3:00 P.M to 5:00 P.M
VENUE : K L University
ORGANIZED BY : E.C.E Dept.
FACULTY INCHARGE : Mr.K.Uday Kiran

EVENT DESCRIPTION:

‘Subject Based Guest Lecture’ is an activity organized by Dept. of E.C.E of K L University on 21-03-2016 from 3:00 P.M to 5:00 P.M. The Subject Based Guest Lecture is given by Dr.P.Srihari, Asst.Professor, NIT Surathkal. The topic of the Guest Lecture is “**Recent Advances in Signal Processing**”. In order to contribute to the Department mission, Subject Based Guest Lecture is organized in our campus premises to bring awareness among the IInd year and IVth year B.Tech students, M.Tech (Signal processing, RADAR,) students and faculty E.C.E department of K L University.

SESSION ACTIVITIES:

The Department of E.C.E has made proper arrangements for transportation for the guest to the campus. The Department has made the necessary arrangements for the Subject Based Guest Lecture activity in the room no: C225 for commencement of the event in scheduled time. The B.Tech and M.Tech students are made to sit in the room no: C225 before the start of the lecture. The guest lecture incharge, K.Uday Kiran had started the event by inviting the guest of honor Dr.P.Srihari on to the dais to deliver the lecture. Dr.P.Srihari has started the lecture by discussing about how the Signal Processing is emerging day by day. He explained the purpose of Signal Processing in our present day of life. He also explained how it is a useful tool for engineers and community. He gave a brief overview of the research activity going on in this field in India and what are the expected future outcomes. He then gave introduction of Fast fourier transform and explained how they can be implemented.

He then switch over to other signal processing techniques. He finally shown the carrier path in the field of Signal processign . The students have actively participated in this session by expressing their doubts and got them clarified. More than 500 students had taken active participation in the event. At the end of the Subject based Guest Lecture Dr.P.Srihari have shared his mail address with students and asked them to contact him if any help in research is needed. The guest lecture incharge told that how the information shared in the lecture can be useful to the engineering students for inspiring ideas in their project works and thanked Dr.P.Srihari for delivering his valuable lecture. The Speaker was honored by Dr.S.Koteswara Rao with a shawl and with a Memento.
