Report:

IEEE Circuits and Systems Student Branch Chapter of KLEF SB Virtually inaugurated on 22nd March 2022 with one day Technical Workshop on “**Circuits and System**”. Organized by Micro Electronics Research Group (MERG), Department of ECE in association with IEEE Guntur sub section and Hyderabad section.

The one-day Technical Workshop on “Circuits and System” addresses the various aspects of Advances in Circuits and system Technologies and promotes student centric effective teaching-learning pedagogy among the participants. This event was aimed for teachers who are teaching various disciplines of engineering and technology subjects in colleges or Universities. There were 220 number of participants registered for this program from different Universities, Colleges, and Industries of all the parts of India including few abroad participants.

The Inaugural function start with the formal prayer song and all the dignitaries take part in the Lighting of lamp Ceremony. On behalf of Management and all the dignitaries Prof. M Suman, HoD, ECE, KLEF address the gathering. In his inaugural address, our Guest of honor Er. D. Ramakrishna, CEO, Efftronics Systems PVT. Ltd. Past Chair, IEEE Guntur Subsection stressed upon the progress and importance of circuits and systems changes from conventional method to modern technologies towards the development of Smart system.

The Branch was **inaugurated by Chief Guest Prof. Seokbum Ko, SMIEEE**, Associate Editor IEEE TCAS-I, University of Saskatchewan, Canada. In his inaugural address he congratulated all the faculty and students for opening IEEE student branch chapter. He addressed that the faculty and students should upgrade their technical skills to succeed in the international scenario. IEEE’s mission is to encourage technical advancement and excellence for the good of humanity, operating based on learning, communication, cooperation, and advancement. He delivered keynote speech on the topic “Efficient hardware implementation of compute intensive applications” regarding efficient design is the prime requirement for modern portable devices as these devices employ compute intensive image/video processing cores which produces output for human consumption.

Er. Vidyasagar T, Chair, IEEE Hyderabad Section Student Activities Committee address the gathering by welcoming all the Guest, participants and motivating the CAS student branch chapter members. He releases the of Office Bearers List IEEE CASSBC. He assured that the section will support and cooperate in the conduct of any program hosted by the Student Branch chapter and wished the branch every success in its efforts.

Address the Gathering by the CASSBC Advisor Dr. Arunmetha, KLEF Management and all the higherups continuously encourage and support the faculty members and students to do activities. In our KLEF Campuses, we are having the greater number of Technical and non-technical societies and Chapters Trees are there. In added to the existing green fields, we have selected one of the best Circuits and Systems Society Seed. Today we all joined together in the inauguration ceremony for the Plantation of the CAS SBC Plant. This will grow as Tree by the receiving the Continuous support from the sections and Management, to provide the fruitful outcomes in the form of Workshops, Conference, and continuous event for the Chapter Tree.

Action Plan of IEEE CASSBC for the year 2022 declared by the Student Chair Sai Lakshmi Priya, she expressed her happiness and highlighted the need for an IEEE Student Branch chapter in institutions and outlined the action plan to be pursued for its successful operation.

Technical Activities:

- ✓ Distinguished Lectures (DL) and Seminars Every three Months (March, June, September, December)
- ✓ Technical Workshops with Industry Involvement Every Six Months (May, November)
- ✓ Balance academic and industry topics, even at the all the Proposed Events.
- ✓ Conference: possibly bringing international conference within a Year.

Student and Special Interest Group Involvement:

- ✓ Actively promote student participation in IEEE professional development events

Joint activities with Section and Society:

- ✓ Technical competitions jointly with Society.
- ✓ Promote IEEE among students and encourage them to join IEEE.

We hope our CASSBC outcomes to enhance professional skills to students and faculty members, not only to benefit to us but also to the outside Students and Faculty members also.

Felicitation Remarks by Dr. S. V. N. L. Lalitha, Chairperson, IEEE Guntur Subsection, Councillor, IEEE-SB, KLEF, she expressed her gratitude to all faculty and students and motivated to make maximum use of the resources and platform available in the form of the KLEF Student Branch and to participate in innovation and research activities.

Vote of thanks by Dr. Aravindhan A, Co-Convenor of the Workshop, thank the KLEF management, HoD, Research Group Head and Student Branch counsellor, Section Chair, Society Chair and SAC Chair, our today's Chief guest, Guest of Honors and Participants. This Chapter and our first workshop create an opportunity to put together the speakers from these areas to disseminate their knowledge and experience for the participants to take these latest technologies to the growing students.

Registered Participants Glance:

Total No. of Registered Participants: 100; IEEE Members Registered: 30; Non-IEEE Members: 70; Out of 70 Participants are given willingness to avail IEEE membership.
