

## **ABOUT TED :**

**TED** is a non-profit, global community devoted to spreading ideas, usually in the form of short, powerful talks.(18 minutes or fewer) delivered by today's leading thinkers and doers. Many of these talks are given at TED's annual conference in Vancouver, British Columbia, and made available, free, on TED.com. TED speakers have included Bill Gates, Jane Goodall, Elizabeth Gilbert, Sir Richard Branson etc.

TED's open and free initiatives for spreading ideas include TED.com, where new TED Talk videos are posted daily; the Open Translation Project, which provides subtitles and interactive transcripts as well as translations from thousands of volunteers worldwide; the educational initiative TED-Ed; the annual million-dollar TED Prize, which funds exceptional individuals with a "wish," or idea, to create change in the world; TEDx, which provides licenses to thousands of individuals and groups who host local, self-organized TED-style events around the world; and the TED Fellows program, which selects innovators from around the globe to amplify the impact of their remarkable projects and activities.

## **ABOUT TEDx :**

In the spirit of ideas worth spreading, **TEDx** is a program of local, self-organized events that bring people together to share a **TED**-like experience. At a **TEDx** event, TED Talks video and live speakers combine to spark deep discussion and connection. These local, self-organized events are branded **TEDx**, where x = independently organized TED event. The TED Conference provides general guidance for the **TEDx** program, but individual **TEDx** events are self-organized.
