

CAREER OPTIONS

EVENT DETAILS:

EVENT NAME: CAREER OPTIONS
Sankalp, A. Vikas

RESOURCE NAME: G.S.K.

DATE: 15-07-2017

VENUE: Z.P.HIGH SCHOOL

INTRODUCTION:

Due to the lack of proper guidance, lack of information and by the force of parents, students doesn't have proper awareness on the career options they have after completing their primary education. In this program students of KLEF, IEEE student branch have went to different schools and gave detail information on what are the various career options they have after completing their primary education. Career options is a kind of star program where students get familiar with the different choices they have, what to choose and what they have to do, to achieve their goal.

There are numerous options available for students who planning to get ahead in studies, which also promises better career prospects. Out of all the options, some of the main streams students can consider to pursue after class 10 are mentioned below.

Commerce - Deals with courses on trade and business

Science - Deals with courses in Medical sciences and Engineering

Arts/Humanities - Deals with a very wide range of courses such as History, Geography, Political Science, Psychology, Sociology, languages, Anthropology, Human Resources, journalism etc.

OBJECTIVE:

To enrich students' knowledge and help them in choosing right path

STRUCTURE OF THE EVENT : The students of IEEE, Guntur Subsection Branch went to Z.P.HIGH SCHOOL at 9:40AM, one of the member went to the principal and took the permission to gather the students of 9th and 10th classes. All the students were gathered by 10:00AM in their school ground. The members of IEEE, explained the different career options they would have after completing their primary education. They have explained which stream involves what in brief which might help them in knowing what to do in order to accomplish their dreams. They have prepared a presentation and explained the students about the various career options. They have also explained about the tests they have to write in order to get job in their interested area. It came to an end by 11:30AM. Some of the students had some doubts which were clarified and later the members of IEEE left the school by 11:45AM.
