IEEE DAY Celebrations 2K14

Event Report

The events for IEEE Day-2k14 are

- Industrial Summit
- Idea Presentation
- Photo Contest

Industrial Summit:

The main agenda of this summit is to bridge the lapses and voids between Industrial requirements and the knowledge incorporated in students. This is an event proposed to edify the industrial needs. We are going to invite delegates from different platforms. They are going to deal about the present scenario and the pragmatic circumstances that are present in the industry. They will emphasize the importance of practical knowledge among the students. They will also deal with different opportunities that are available in the industry so that students can excel in their respective platforms.

Registration-fee Details:

- *There is no Registration Fee for this event.*
- *As we always strive to empower the students technically and concentrate on overall development of students we hope that this event will really fill the lapse between the industrial needs and the students.*
