

Tech talk on FUZZY LOGIC CONTROL

Event Details:

Dates: 26Th March 2013.

College: K.L.UNIVERSITY

Venue: C.V.Raman Hall

No. of Students participated: 200

Timings: 1:30 pm to 03:30 pm

Branch Counselor:

Dr. M.VenuGopalaRao

Coordinators:

K.SaiTeja

G.SuryaNihanth

IEEE-KLU Student Branch organized a tech talk on Fuzzy Logic Control - its Features and Future. Students from 2nd, 3rd and 4th years of all branches took part in the contest. The speaker for the event.Mrs. Lalitha is currently working in KLUniversity EEE Department .

The speaker Mrs.Lalitha spoke on the features of Fuzzy Logic Control showing examples of the fuzzy logic applications and an introduction to the tool box. The session was quite interactive and interesting.

These pictures were taken during the talk.

Mrs.Lalitha addressing the students regarding the importance of “FUZZY LOGIC” and wide use of its applications. Describing about latest technological development using this FUZZY LOGIC control and effective use of it.

This splendid event ran sucessfully with enormous students

Student Gathering at C.V.Raman Hall KLUUniversity .Studeents from Electrical , Electronic and Computer’s background gathered . Later we had a questionnaire.
