

### **Inter Library Loan Service**

The Central Library of KL University has necessary collections to meet the demands of its users. Inter Library Loan (ILL) is a mechanism to meet the stray demands from noncore areas. If any user requests a document from a subject field not available in the Central Library, it will be obtained on ILL basis from other libraries and will be issued to the user for a maximum period of seven (7) days and the user must return the documents on or before the due date. Upon the document's return, it will be sent back to the lending library.
