WEB OPAC SERVICE

The Central Library holds nearly 1.5 lakh books; 501 print journals, 4786 back volumes, 8900 CD/DVD-ROMs and 3700 project reports, dessertations and theses. The full bibliographic data of the holdings is entered in the ERP system and the OPAC database is updated.

The OPAC of Library resources is constantly updated and is made available on the University Intranet as Web OPAC for searching. Users can search OPAC from any computer terminal in the Campus-wide network. Also many terminals are provided in the Central Library which can be used for searching the OPAC. The digital documents can be downloaded from the servers while users can find the location of print documents for accessing them.
