

E-BIKE AWARDS

GO-CART AWARDS

WITH THEIR LOOT: Team Sangfroid with the laurels they won

And the first to cross the finish line is...

A team of 20 students (six students from IV year B Tech and 14 students from III year B Tech) from KL Deemed to be University, who went by the name Sangfroid, participated in the Go Karting Design and Racing Challenge, conducted by the Imperial Society for Innovative Engineers (ISIE) - UK on January 20, 2018 at Galgotias University, Noida.

The Guntur-based university's team bagged the III IKR-ISIE Future Award, with a cash prize of ₹50,000, along with all India

Best Team, Best Team Captain and Best Presentation Skills awards and were declared the Overall Champions. They competed with 45 teams across India, who had come from various IITs, NITs and prestigious government and private universities to participate in the event.

The team was mentored by the P N V Bala Subramanyam, Asst Professor, Department of Mechanical Engineering, KLEF. The team and their mentor have been burning the midnight oil for this project, for the past four months.
