Health Awareness

Dt: 11-07-2014

Vaddeswaram

Diabetes, often referred to by doctors as diabetes mellitus, describes a group of metabolic diseases in which the person has high blood glucose (blood sugar), either because insulin production is inadequate, or because the body's cells do not respond properly to insulin, or both.

Diabetes has become one of the major ailments majorly due to modern lifestyle and living habits. Diabetes forces a person to adapt to very restrictive lifestyle where continuous monitoring is a must.

One almost feels like a caged bird. To help improve diabetes awareness amongst people in general and also spread the word about symptoms and remedies we the members of Team NSS have organized a diabetes Awareness Health camp.

Event Photos:

Awareness on Seasonal Diseases to Villagers

Dt:18-11-2014, Revendrapadu

Revendrapadu villagers to spread awareness regarding prevention of diseases like Dengue and Chickungunya."We not only have to fight the menace of dengue but also to eradicate it completely," said Prof. Incharge before flagging off the rally at Revendrapadu to create awareness about the menace of dengue and Chikunguniya among the citizens. He exhorted the villagers to spread the message as to how to prevent this deadly menace which has spread during the last 10 to 15 years. Prof. Incharge expressed surprise that during the recent checks by GNM staff the larva of dengue was detected in the buildings of the most important institutions including hospitals.

About 120 school children and teachers participated in the Awareness Camp. These students passed through the lanes chanting anti-dengue slogans. The rally which went on for more than one hour terminated at Centre, Revendrapadu."A series of such rallies will be organized in due course by school children in different colonies covering entire Revendrapadu area. Publicity material including pamphlets carrying appeal, public notices were distributed for sensitization of general public," The malaria Unit of NDMC is taking various health awareness activities like writing of letters to authorities like Residents Welfare Associations (RWA) and many more. They are also advertising through News Papers, interaction session of Head Master, Nodal officers and students, announcement for Public and school rallies etc. for sensitization of general public.

Event Phtoos:

AIDS Awareness Rally

Vaddeswaram

Dt:01-12-2014

World AIDS Day, designated on **1 December** every year since 1988, is dedicated to raising awareness of the AIDS pandemic caused by the spread of HIV infection, and mourning those who have died of the disease. The red ribbon is the global symbol for solidarity with HIV-positive people and those living with AIDS. Every year World AIDS Day events take place across the world to raise awareness and show support for people living with HIV.

What should be done and what should not be done to prevent the disease was told. Sir said by 2030, the world will be free from AIDS and therefore everyone should come together to conquer the disease. Awareness must be spread so that everyone is educated about the disease.

Event Photos:

Event Photos:

Rally Against Tobacco Consumption Dt:28-01-2015
Revendrapadu

The KLU-NSS conducted an anti-tobacco awareness rally on 28 January 2015 to educate the youth and public about the dire consequences of using tobacco. Tobacco is the leading cause of preventable death in the world and every year tobacco kills approximately 6 million people. The Chairman of Koneru Satyanarayana garu, flagged off the rally from the KL University Campus and motivated the students to organize more events like this in the future.

The students walked from the college and headed towards C-Block via Hostels Road, and returned to the college campus. They completed the one-kilometer walk enthusiastically by displaying placards, distributing anti-tobacco pamphlets to the public and pasting awareness posters on the pan shops selling tobacco products. The WHO report on the Global Tobacco Epidemic, 2013, states that one-third of youth experimentation with tobacco occurs because of exposure to tobacco advertising, promotion and sponsorship. Mass campaigns against the promotion of tobacco are the way forward to eradicate this global epidemic. The rally was organized with the wholehearted support of the Anti-Tobacco Cell, Andhra Pradesh, and the Andhra Pradesh.

Career Guidance to Schools

Dt: 02-02-2015

Tadepalli

Education in India is one among various other elements that have captured the attention of the world, but it is disheartening to see that many students still lack in computer knowledge which plays a major role in today's digitalized world. Hence we Team NSS have organized an event to bring in many more techno schools; in this regard a group of seven volunteers took initiative by organizing an event.
