Clean and Green

Dt:12-07-2013

Vaddeswaram

NSS CELL of K L University has Conducted “Clean and Green” Event on 12st July 2013 in three villages adopted by the K L University. On the day of the event, all the NSS volunteers of the parent department are divided into 3 groups and started from the college at 9.00 am in 3 busses and reached the respective places by 9.45 am. After reaching the respective villages, all the volunteers are again divided into groups by the faculty in-charges to make the task easier and so as to ensure that the volunteers covered most of the village premises.

All the volunteers actively took part in this. Some volunteers eagerly sprayed insect repellents in the drainage canals, some mixed the bleaching powder and some sprayed the bleached powder. All the volunteers divide the tasks among themselves without any hesitation and every one lead their way towards the success of the event.

Some volunteers interacted with the villagers and asked them to maintain their houses premises neat and clean. And volunteers motivated the students in the villages and got good response from them.

Health Awareness and Check Up

Dt:21-07-2013

Tadepalli

Diabetes, often referred to by doctors as diabetes mellitus, describes a group of metabolic diseases in which the person has high blood glucose (blood sugar), either because insulin production is inadequate, or because the body's cells do not respond properly to insulin, or both. Diabetes has become one of the major ailments majorly due to modern lifestyle and living habits. Diabetes forces a person to adapt to very restrictive lifestyle where continuous monitoring is a must. One almost feels like a caged bird. To help improve diabetes awareness amongst people in general and also spread the word about symptoms and remedies we the members of Team NSS have organized a diabetes Awareness Health camp.

Heart Diseases Prevention Awareness

Dt:21-08-2013

Heart Disease Prevention campaign by KLU NSS Cell is established to spread awareness about the health of heart among common people all through the world. This initiative was founded in the year 2000 to inform people to take care of their heart. A huge percentage of common public in the society is suffering from the heart diseases like stroke, heart attack, heart failure, etc. Heart problems are the leading causes of death in the world.

It is celebrated annually all over the world on 21th of August. A particular theme is decided for the each year celebration in order to focus on the main subject and make it effective. Theme is prepared by keeping in mind the key issues of heart health. According to the World Heart Federation, at least 80% of the premature deaths (because of cardiovascular diseases) can be protected by controlling four main risk factors such as unhealthy diet, tobacco use, lack of physical activity and use of alcohol.

Eye Camp
KL University

Dt:04-09-2013

The problem of avoidable blindness rapidly escalating remained a major cause of concern in the Indian healthcare scenario. Especially in Rural areas the backward people are unable meet many medical services due to various reasons. So we are taking a step to provide some facilities and services possible. Working plan:

A village with a population of two thousand including the surrounding areas in an accessible radius of 5 Kms is selected for conducting an eye camp. A convenient venue (such as a large school building in the area) will be selected for conducting the camp. The village should have good access to the nearby villages to benefit the patients around the main village at first a primary survey has to be conducted regarding the needs of the village people and work out further.
