No. of Volunteers Participated: 86

No. of faculty Participated: 07

Summary of the Event

After reaching the respective village, all the volunteers are again divided into groups by the faculty in-charges to make the task easier and so as to ensure that the volunteers covered most of the village premises.

All the volunteers actively took part in this. Some volunteers eagerly cleaned surroundings, some did swachh survekshan and some of them identified the problems regarding cleanliness in the village. All the volunteers divide the tasks among themselves

without any hesitation and every one lead their way towards the success of the event. Also, Mud oil team went to different places of the village and sprayed the mud oil in the drainages of the village so that it will decrease the mosquitoes.

Along with this we also had done awareness regarding consumption of Tobacco. The main motive of this is to move elder and teenage tobacco users toward wanting to quit using cigarettes. Some volunteers interacted with the villagers and informed about the harmful effects of consumption of tobacco. Some of the volunteers also spread door to door awareness about the “Tobacco Consumption” by holding placards. Placards create a great impact than words.
