

Report on To Know About Organic Farming

Conducted on 03-02-2021at Nutakki

KL Deemed to be University (Koneru Lakshmaiah Education Foundation) Electronic and Communication Engineering (ECE) Unit-02 National Service Scheme (NSS) has conducted Visiting to know about “**Organic Farming**” on **03-02-2021** at **Nutakki** Village. The purpose of the camp is to create awareness about natural farming to the students.

The family is working on an Organic farming from past 15years. They taught us what the exact meaning of organic Farming is. In general words, Organic Farming is defined as which involves the cultivation of plants and rearing of animals in natural ways. This process involves the use of biological materials, avoiding synthetic substances to maintain soil fertility and ecological balance thereby minimizing pollution and wastage.

The difference between roof - plantation and ground plantation. How the plants get sufficient minerals for a healthy crop. Aboutancient farming techniques done by our ancestors. Reason for changing the cultivation of healthy crops to fewer mineral crops.

The camp was presided over by Dr. Suman Maloji HOD ECE. The camp was led by Mr. P. Srikanth Reddy, Program Coordinator, Mr. M.Venkateswara Rao, NSS Unit- 02 Program officer, CEA Coordinator Mr. P.Suresh.
