Day – 6 (10th March 2020)

CAREER GUIDANCE

We conducted a career guidance program for 1, as a matter of fact; career guidance is a very important aspect of your life. In fact, it can make or break your career. And career guidance is very essential for success. If you want to see the children's career moving in the right direction then career guidance is of at most importance. Everyone wants to be successful but they do not get the right guidance to make the right decision at the right time.

If they have a pre-planned guidance for your career then it can make a lot of difference. Today, awareness about career guidance is still very low among the younger generation. The culture of going to a counselor is so important in our country. So we decided to give the right guidance to the upcoming citizen.

In the ZPH School of our adopted village we conducted the career guidance programme. To choose the right path we need right guidance also. The best part of career guidance is that it is very objective as well as strategic. We also conducted some quizzes among the students to boost up their talent.

Awareness on First Aid

We all know that accidents may happen anytime, anywhere to our colleagues or loved ones. It may be simple cuts, fractures, wounds while playing sports, choking, fainting or heart attack. The main aim of this awareness program is to let all know about first aid treatment that can be given to someone who suddenly fell ill or injured. We had given the basic first aid knowledge and skills to the children.

Day – 7 (11th March 2020)

CHILDREN CRAFT

volunteers with children made some DIY craft works to boost up their hidden talents in co curricular activities and those little schooling sprouts has an very great imagination and worked to get beautiful crafts from scratch

SPORTS COMPETITION
