KLU Top 4 – DigitalLearning's Technology University Rankings 2016
June 30, 2016

KL University, registered with the University Grants Commission (UGC) as *Koneru Lakshmaiah Education Foundation (KLEF)*, was ranked **top 4** in the *DigitalLearning Engineering Ranking Survey 2016*. Click here to check India's **top 50** universities in the engineering space.

KLU figures at **top 4** among India's private and deemed universities offering undergraduate engineering programs in the magazine's survey. The survey was aimed at unraveling the most trusted university brands in India's technology education.

The survey, which evaluates premier engineering institutions, has two parts:
1. Online voting by students, parents, alumni, faculty, staff, and general public
2. Assessment by a panel of eminent personalities

In both parts, the survey employs a set of five objective parameters for evaluation: *career advancement, academic ecosystem and outcomes, enrichment of learning environment, goodwill legacy and reputation,* and *future ready academic infrastructure*.

Scores obtained in both parts were aggregated to arrive at the final ranking for each institution. Click here to check the rankings of engineering universities region wide and state wide in India.

About KLU
Recognized as a **Deemed University** in 2009 by the Government of India's (GoI's) apex higher education regulator University Grants Commission (UGC), KL University is a large, multidisciplinary, and non-governmental technical university in India with the vision to be among **South Asia's top 5** independent universities by 2020.

Based out of Guntur district, in the capital region of the sunrise state of Andhra Pradesh in the economically developed southern India, KLU has two undergraduate and three postgraduate schools, with over 720 faculty, 640 staff, and 65,000 successful alumni in diverse professions around the world. Consistently ranked among India's **top 10** private technical universities, KLU offers 15 bachelor's, 26 master's, 14 dual-degree, and 14 doctoral programs to over 12,000 students and 1200 PhD scholars from across India and 16 countries from Asian, African, and North American continents.

In 2016, KLU College of Engineering (KLU-CE) was ranked **Top 1** in Andhra Pradesh and Telangana states by National Institutional Ranking Framework (NIRF) 2016, a country wide initiative by the Government of India's Ministry of Human Resources Development (MHRD) to evaluate and rank colleges and universities in the public and private sectors. Check

ISO-9000 certified since inception, KLU has been accredited twice in a row at **A** grade (valid up to Jan 2018), by the GoI's National Assessment and Accreditation Council (NAAC) and recognized as Scientific and Industrial Research Organization (SIRO) by the GoI's Department of Scientific and Industrial Research (DSIR).

In the last three years (2012-15), KLU faculty published over 2600 papers in national and international conferences and journals. Over 80 sponsored projects worth Rs.18-crore from the government and industry are currently being carried out at KLU.

About digitalLEARNING

Founded in 2005, digitalLEARNING is a premier monthly publication from Elets Technomedia Pvt Ltd on current practices in ICT and education in India and across the globe. The magazine's mission is to raise awareness, through debates and discussions, about how Information and Communication Technology (ICT) is playing a seminal role in enhancing the scope, reach, and quality of education.

Through high-quality print and online formats, digitalLEARNING offers an unbiased and 360° perspective of the myriad issues relating to the 'technological innovations in education' versus 'traditional educational methods' debate.

In the highly crowded space of educational publications in Asia, digitalLEARNING stands out for its highly relevant, bold and analytical coverage. More details, check http://dl.eletsonline.com/.
