

User Awareness Session on SCOPUS

Venue : Peacock Hall

Date : 12th May 2014

Participants : University level

Resource person : Mr. Vishav Sharma,

Customer Development Manager, Science and Technology-
Elsevier India, New Delhi

Report : This program was aimed in making all the faculty to get an overall idea on how to make use of SCOPUS database for getting a reference bank generated for their research, how to search for journals in their areas to which they can communicate their papers, how to get the individual database of research papers linked in SCOPUS, how to get enrolled into ORCID-SCOPUS etc, these aspects were quite essential to make the faculty focused on achieving quality publications in reputed and Indexed journals
