Sub: Request for Permission of Conduction of Weekly Event namely "Exploring Paritala " on 16th March-2025 respectively under Yuva Tourism Club- Student Activity Centre (SAC)— Reg.

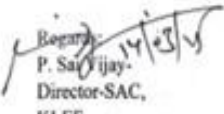

Dear Sir,

It is to inform you that we have planned to conduct event namely "Exploring the Paritala" on 16/03/2025 as a part of our weekly event under Yuva Tourism Club-Student Activity Centre (SAC) along with participation of students from various departments with mentors from Student Activity Centre for which we require you're your valuable permission.

This event is designed to promote tourism, cultural exploration, and a spirit of adventure among participants while discovering the natural beauty of Waterfalls along with cleaning drives around fostering social service & cultural exposure. Additionally, it aims to foster a deeper connection with local heritage and provide an enriching travel experience for students, encouraging teamwork, curiosity, and an appreciation for the region's history and landscapes.

This is our third event under the club, and we are excited to begin this journey with enthusiasm and dedication. We have planned this event with great care, aiming to provide participants with a memorable and enriching experience. Bikash Sharma (Emp. Id-7515), Mentor, SAC & Anand Raj (Emp. Id 8649) will be guiding us as both the mentors and Staff In charges for this event, ensuring smooth execution and valuable insights throughout the process.

Hoping for your understanding & positive response.

Begards,
P. Sai Vijay,

DESCRIPTION

Engaging Experience at Butterfly Park:

Exploring Butterfly park: The Yuva Tourism Club of KL University is hosting an enriching ESO (Educational and Social Outing) activity to Butterfly Park, as part of our nature and environmental awareness program.

The objective of the visit was to observe and study different species of butterflies, understand their ecological significance, and enhance our appreciation for biodiversity. We were greeted by a well-maintained, lush green environment filled with vibrant flowers and tropical plants, designed to mimic a butterfly's natural habitat. The tranquil atmosphere, complemented by soft background music, created a serene setting for exploration.

Members had the opportunity to witness a diverse range of butterfly species, varying in size, shape, and color. Some butterflies rested gracefully on flowers, while others fluttered freely, creating a mesmerizing spectacle. One of the most remarkable moments was when a bright blue butterfly landed on a participant's hand, demonstrating the gentle nature of these fascinating insects.

The visit provided valuable insights into butterfly conservation and their role in sustaining biodiversity. It was not only an educational experience but also a refreshing and visually captivating one. To commemorate the visit, members purchased souvenirs such as postcards featuring different butterfly species.

Overall, the visit was a successful and enriching experience. It reinforced the significance of preserving natural habitats and inspired members to advocate for butterfly conservation initiatives. We look forward to organizing similar educational excursions in the future.

Conclusion:

In conclusion, the ESO event at Butterfly Park .The event was well- received, with insightful learning experiences. However, addressing concerns like infrastructure improvements, accessibility, and better visitor facilities can enhance future tours. Based on the feedback, the club may consider incorporating participant suggestions in planning future visits.
