Report:

On behalf of KL School of Architecture, we are thrilled to celebrate World Students Day on October 17, 2024, with an event that combines fun and learning to honour the legacy of Dr. A. P. J. Abdul Kalam. Known for his commitment to education, innovation, and holistic growth, Dr. Kalam's values inspire this event, which aims to offer a rich experience in personal, social, and creative development for our students.

Event Structure:

Part A: Morning Session – “Creative Character Day”

The day will begin with an engaging team-building session designed to develop collaboration, leadership, and problem-solving skills among students. The activities within this session will emphasize creativity while enhancing personal and interpersonal growth. Students will work together in teams, tackling various challenges that promote unity, adaptability, and communication skills, thus fostering a culture of collaborative learning.

Part B: Afternoon Session – “DIY Tote-ally Trendy Workshop”

In the afternoon, students will delve into the world of creative expression through a hands-on workshop where they design and paint their tote bags. This practical activity will enable students to explore their artistic potential while gaining exposure to technical design and colour-coordination skills.

Outcomes:

This event promises to enrich our students' skills in teamwork and creativity, key elements of Dr. Kalam's vision for education. Through these sessions, students are expected to enhance their confidence, problem-solving abilities, and creative flair. By the end of the day, they will not only carry home their unique creations but also invaluable experiences that strengthen both personal and professional growth.

This celebration of World Students Day represents KL School of Architecture's commitment to fostering well-rounded, inspired individuals equipped for the future.
