INDUSTRIAL VISIT REPORT

JOCIL Industries

Dokkiporru, Guntur District, Andhra Pradesh, India

<https://www.jocil.in/>

An Industrial visit to **JOCIL**, Dokkiparru, Guntur, Andhra Pradesh, was organized by the Biotechnology Department of KLEF on 17th February 2018. The students learnt so many things related the production of various products such as Fatty acids, Toilet soaps.

Boiling of ingredients used for preparing soap, Vacuum spray drying and finishing of soaps were properly explained and demonstrated to students. Head for Quality control has assisted students in understanding the concepts related to quality checking. Students were very keen to know the things from employees and their strategies in improving the quality of products which can satisfy the needs of their customers.
