Salient features:

- Expertise faculty in Atmospheric Science, statistical analysis of extreme temperatures, heat wave analysis, thunderstorm studies,
- Expertise in Ionospheric Total Electron Content, mitigation/prediction of ionospheric scintillations, ionospheric modeling, gradient analysis,
- Expertise in Global Navigation Satellite System and Wireless communication navigation systems
- A Stat of art GNSS receivers, VLF receivers, Atmospheric data processing work station, NAVIC receivers, software defined GNSS receivers, GNSS data processing Berense software.
- Executed more than 10 sponsored research projects and presently three projects are excoted
- More than 10 Ph.D. thesis awarded 10 patents are published and more than 100 SCI papers published in Atmopsheric, GNSS , ionosphere and wireless communication research areas.
- State, National and International research collaborations with APDMA, Nagoya, INGV, Italy, Nagoya University, Japan, Russian Academy of Science, Russia, CMFRI, Gujrat, TCIL, New Delhi, Dept of Telcome.

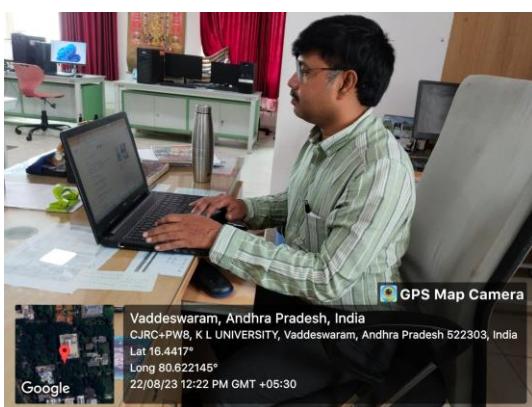

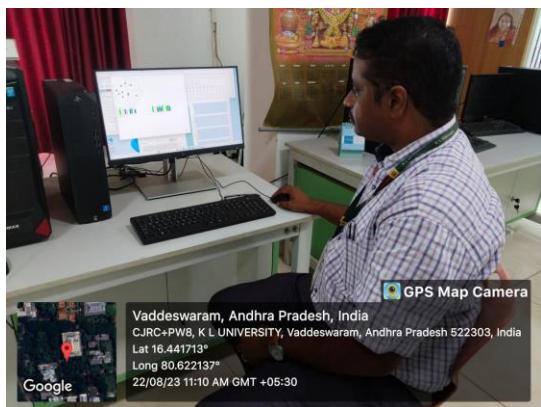

Description

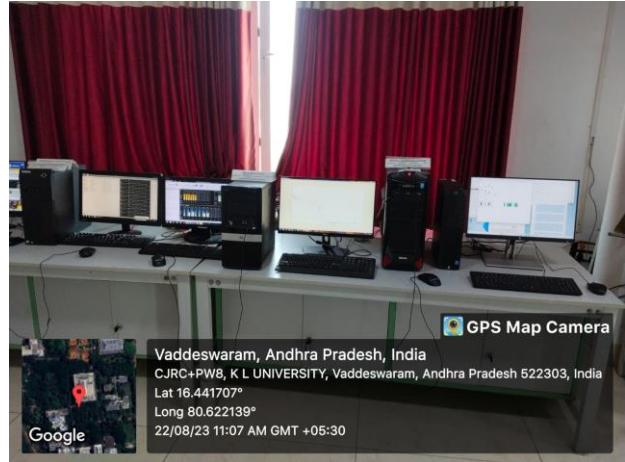

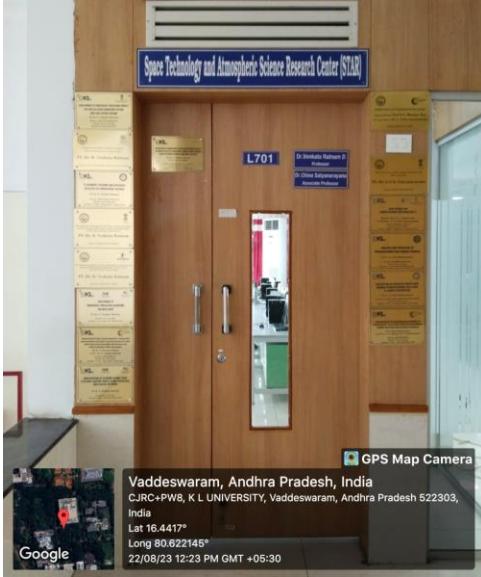

This Laboratory has mainly focused on teaching, research and industry collaboration to produce highly competent scientists/ engineers/ technologists in the field of space technology and atmospheric science and through focusing on specializations in Communication Sector, lower and upper atmosphere and satellite navigation systems, weather and climate data mining and applications.

Research areas like TEC prediction analysis, mitigation/prediction of ionospheric scintillations, ionospheric modeling, gradient analysis, development of data assimilation models, statistical analysis of extreme temperatures, heat wave analysis, thunderstorm studies, etc., are been conducted in the lab.

The faculty, students and research scholars of KL University and also from other institutions are involved in effective research using the equipment available in this lab sanctioned under various sponsored projects. Full time scholars and part time scholars are using the facilities for their research work. 16 members completed their Ph.D work and several good quality papers have been published in Science citation indexed journals.

Geo-tagged Photos:

List of Projects:

S. No.	Name (s) of the Members	Title of the project	Amount sanctioned (in Rs.)	Funding Agency	Status
1.	Dr. D. Venkata Ratnam (PI)	Development of ionospheric forecasting models for satellite based navigation systems over low latitude stations	21.33 Lakhs	DST- Fast track Young Scientist Scheme, India	Completed
2.	Dr. D. Venkata Ratnam (PI)	Development of Ionospheric forecasting Algorithms for GNSS users	5.00 Lakhs	ISEE-Nagoya University, International Joint Research Program	Completed
3.	Dr. D. Venkata Ratnam (PI) Dr. M. Sridhar (Co-PI)	Mitigation of ionospheric scintillation noise effects on Indian Satellite Navigation System (NAVIC) signals using software defined radio GNSS receiver	22.37 Lakhs	AICTE-Research Promotion Scheme (RPS)	Ongoing
4.	Dr. M. Sridhar (PI) Dr.D.Venkata Ratnam (Co PI)	Development of machine learning based ionospheric scintillations forecasting algorithms using GNSS observations	20.46 Lakhs	SERB-Core Research Grant (CRG)	Ongoing

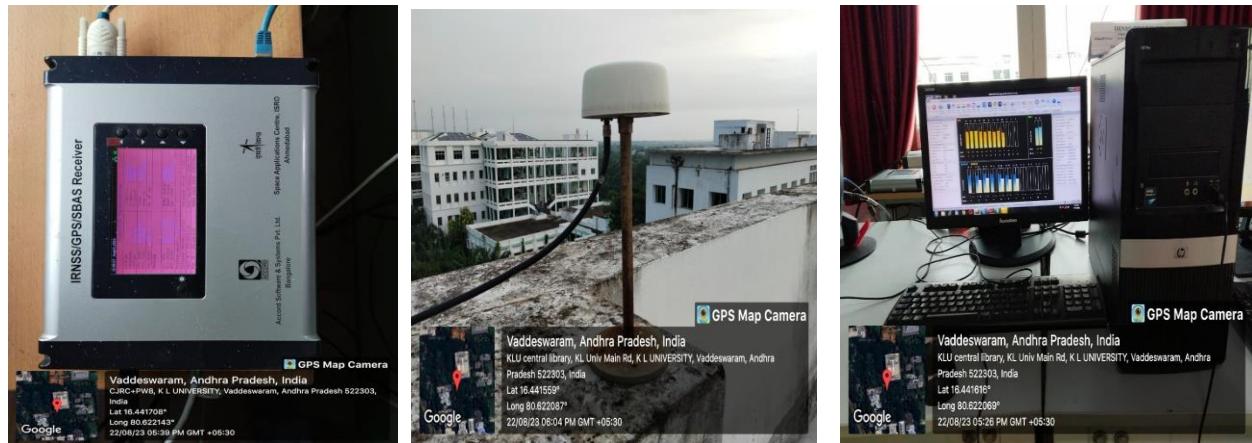

5.	Dr. D. Venkata Ratnam	To Augment teaching and Research Facilities of Atmospheric Science	47.00 Lakhs	DST-FIST	Completed
6.	Dr. G. Sivavara Prasad (PI) Dr. D. Venkata Ratnam (Co-PI)	Implementation of Deep Learning Algorithms to develop Web based Ionospheric Time Delays Forecasting System over Indian Region using ground based GNSS and NAVigation with Indian Constellation (NAVIC) observations	17.97 Lakhs	ECR-SERB	Completed
7.	Dr. D. Venkata Ratnam (PI)	Investigation of Extreme Global Total Electron Content Events using Statistical and Fractal Methods	5.00 Lakhs	ISEE-Nagoya University- International Joint Research Program	Completed
8.	Dr. G. China Satyanarayana (PI)	Analysis and Prediction of Thunderstorms over Andhra Pradesh	7.12 Lakhs	CSIR	Completed
9.	Prof. D. V. Bhaskar Rao (Director) Dr. G. China Satyanarayana (Co-Director)	SERB School on Computational Meteorology-2	20.5 Lakhs	DST-SERB	Completed
10.	Dr. G. China Satyanarayana (PI)	Projection of Disaster Events over Andhra Pradesh during 2023-2050: A Climate Perspective	94.71 Lakhs	Andhra Pradesh State Disaster Management (APSDMA)	Ongoing
11.	Dr. G. China Satyanarayana (PI) Dr. P. V. V. Kishore (Co-PI) Dr. D. Venkata Ratnam (CO-PI)	Investigation of the spatiotemporal variability of thunderstorms from ground-based and geostationary satellite data using Deep-Learning techniques	21.13 Lakhs	SERB- Core Research Grant (CRG)	Ongoing

List of Major Equipment:

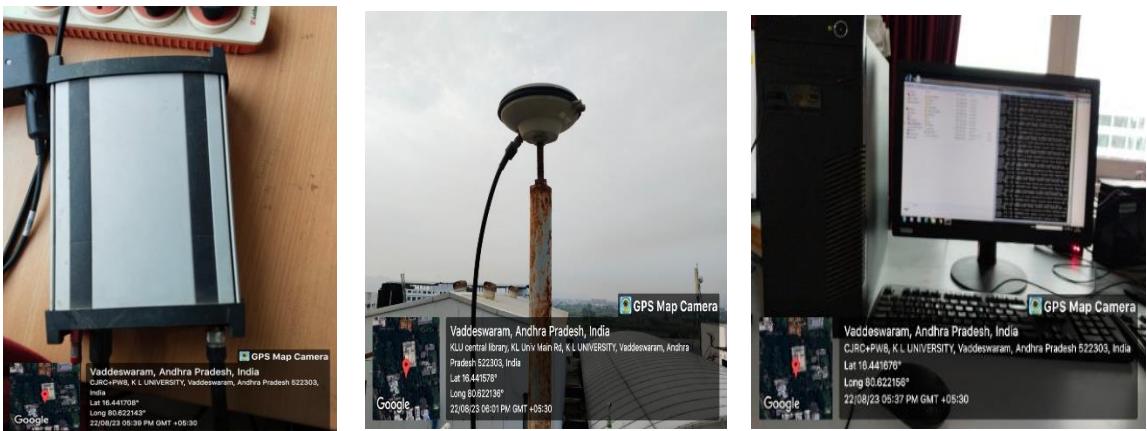

Equipment like GPStation-6 GNSS Ionospheric Scintillation and TEC Monitor (GISTM) receiver, Indian Regional Navigation System (IRNSS)/GPS/SBAS receiver, Bernese Software, Software Defined Radio, Parallel Computer System, etc., are available in this lab for GNSS studies, weather and climatic conditions.

S. No.	Name of the Equipment	Model & Make	Cost in INR
--------	-----------------------	--------------	-------------

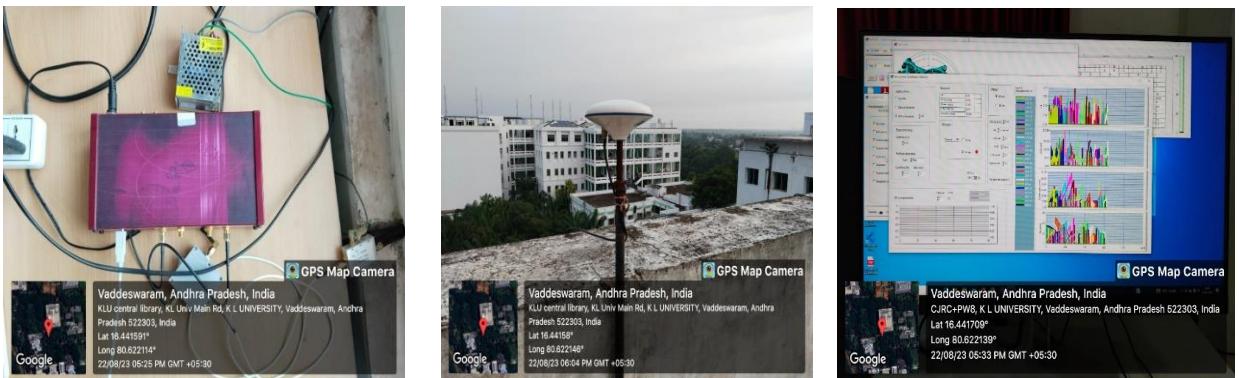

1.	MET4/4A Meteorological Sensor	Paroscientific Inc., US	8,24,844.00
2.	Dual Frequency GNSS Receiver- with antenna	GPStation 6, NovAtel Inc., Canada	13,60,000.00
3.	Bernese GNSS Software	University of Bern, Switzerland	8,29,207.00
4.	Indian Regional Navigation System (IRNSS)/GPS/SBAS Receiver	ISRO SAC and ACCORD Software and Systems Pvt. Ltd	8,00,000.00
5.	GNSS Software Defined Radio	iP-Solutions, Japan	16,77,999.00
6.	Parallel Computer System	Tyrone	9,09,477.00
7.	Mid Tower Workstation	Tyrone	1,49,757.00

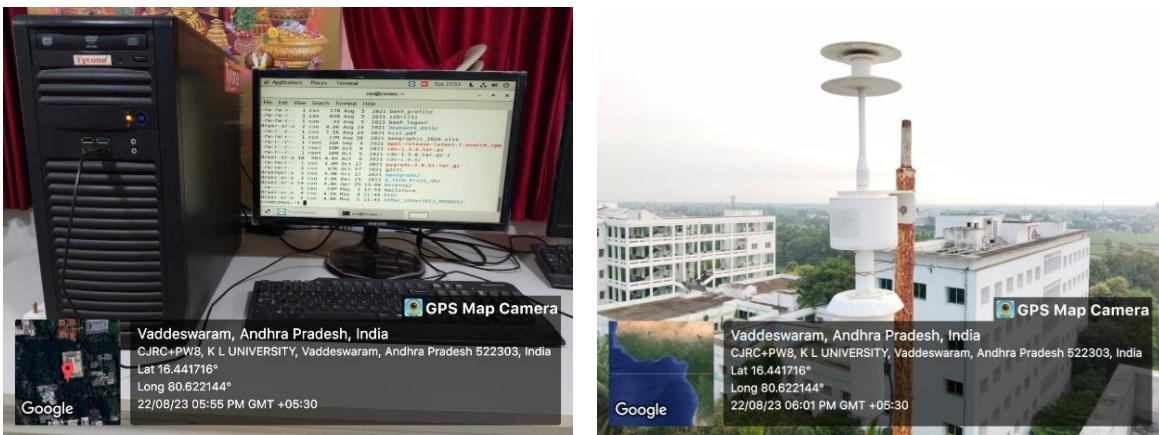

IRNSS Receiver and Antenna

GPStation-6 Receiver and Antenna

Software Defined Radio GNSS Receiver and Antenna

Parallel Computer System

List of MoUs:

S.No.	Details of MoU	Duration
1.	MoU for IRNSS Navigation Receiver Field Trial and Data Collection between Space Applications Centre (SAC) – ISRO, Ahmedabad and KLEF, Vaddeswaram.	Five Years (December 2015 to December 2020)
2.	MoU for Installation of Indian Lightning Detection Network (ILDN) Receiver System and Data Collection between Department of Physics, Tripura University (A Central University) and Department of ECE, KLEF, Vaddeswaram.	Five Years (April 2022 to April 2027)
3.	MoU between KLEF (Vaddeswaram) and Indian Council of Agricultural Research- Central Marine Fisheries Research Institute (CMFRI), Kochi' India	Five Years (January 2022 to January 2027)
4.	MoU for Collaboration for the Promotion of Academic Cooperation and Exchange of Research Activities between	Nine Years (August 2017 to August 2028)

	Andhra Pradesh State Disaster Management Authority (APSDMA), Andhra Pradesh and KLEF, Vaddeswaram
