ANNEXURE VI

Proposed Standard Operating Procedure on Pro Bono Club

1. Definition

The term pro bono, short for “*pro bono publico*”, is a Latin term which means “for the public good”. In practice, the term is used specifically in context of the legal profession, referring to the practice of giving voluntary legal advice to individuals and organizations that are unable to afford legal advice and/or cannot access legal aid. Those in genuine need of legal help are, thus, represented by lawyers for free or at a minimal cost, presenting them with an opportunity to meaningfully address their legal problems.

2. About KLEF Pro Bono Club

Embarking on “last mile delivery” vision under Digital India, Department of Justice (DoJ) has been devising and integrating many approaches to bring about systemic reforms under justice sector and to establish a pan India framework for dispensation of pro bono legal services across the country. Acknowledging this, in April, 2017, DoJ launched Nyaya Bandhu (Pro Bono Legal Services) Programme to undertake a digital drive to connect practicing advocates interested in pro bono work with eligible marginalized and vulnerable beneficiaries via mobile technology, after due scrutiny.
