Seat Belt and Helmet Awareness Camp

Description of the Event

On 16th December NCC Bn, KLEF have conducted an Event i.e., **Seat Belt and Helmet Awareness Drive**. This Event was done at outside the college for giving awareness to people on Road safety. Our NCC cadets gave some awareness to people on roads. All the officials of our college have actively participated in this event. Police organizations had also actively participated in the Event.

Road traffic safety refers to the methods and measures used to prevent road users from being seriously injured. Typical road users include pedestrians, cyclists, motorists, vehicle passengers and passengers of on-road public transport.

Road traffic crashes have become one of the world's largest public-health and injury-prevention problems. The issue is more acute because the victims are overwhelmingly healthy before their crashes. According to the World Health Organization more than 1 million people are killed on the world's roads each year.

Number of Cadets participated:
