Voter and Polio Awareness

NSS Volunteers of Dept of CSE of K L E F has Conducted “Voter and Polio Awareness” on 25th January, 2019 in one of the village adopted by the K L University i.e. Pedapalem as a part of this NSS Volunteers from CSE, program officer (Ch. Ramaiah) and 7 faculty from CSE department are involved. On the day of the event, all the NSS volunteers, NSS program officer and seven faculty of the Computer Science Department along with 25 volunteers started from the college at 10.00 am in bus and reached the Chirravuru by 10.30 am.

Objective: 25th January is celebrated as National Voters Day as in 1950 on the same day Election Commission of INDIA established. The aim of the event is increasing the enrolment of voters, especially encourage participation of newly eligible young voters and ensure universal adult franchise.

Summary of the event

Being a citizen of the democratic country like INDIA where we get to choose our government and leaders. Our parliament and legislatures are of the people, by the people and for the people. Voting is a constitutional right that we are privileged to have. It's even more important to vote considering you (every citizen) are the one that leads to change. The right to vote is the foundation of a healthy, functioning democracy. The ballot is your voice. It is the most powerful tool at your disposal to not only affect change in your neighborhood or state, but to create a better India. In recent days a lot of us are not stepping out to do it as they think “Is my single vote going to change the country” and many people sit back and relax on voting day, on the other hand simply sits and complains about this and that and makes suggestions that the government should change this and that.

As a part of our event we the NSS volunteers stepped forward to spread the word about the importance of voting and the right to vote. We divided into groups which consists 3 members and spread across village. We motivated the villagers of pedapalem to vote and cast their vote righteously. And those who are not yet applied for voter card, we insisted them to do it as soon as possible. We conducted the program with an aim to increase the average voting percentage in the state. We also put focus over the fact that collective decision through voting help us to elect a good leader which is not only useful for ourselves but for nation also.

Volunteers urged villagers to vote and make the people who stay around them to cast their vote in the interest of the country. We told them that “Every Vote Counts” and make use of it compulsorily. We also filled one Google form for each home with their data and made a note of them so that we can make any help to them in future.

Interacting with villagers and noting information on 25-01-2019

Along with Voter's awareness we also educated them regarding the Pulse Polio Immunization program which will be conducted in first week of February. We insisted them to utilize the opportunity and keep their children healthy. With the global initiative of eradication of polio (poliomyelitis) in 1988 following World Health Assembly resolution in 1988, Pulse Polio Immunization program was launched in India in 1995. Children in the age group of 0-5 years administered polio drops during National and Sub-national immunization rounds (in high risk areas) every year. Around 17.4 core children of less than five years across the country are given polio drops as part of the drive of Government of India to sustain polio eradication from the country.

We informed that “polio is a viral infection that will cause permanent paralysis every baby child should get the polio vaccine in four doses of IPV (inactivated poliovirus vaccine) or OPV (oral polio vaccine). The younger the baby, higher is the risk of getting the infection. The polio drops increases the capacity of babies to resist the infection or disease and after five years they will have less chances to get infected”.

Informing anganwadi teacher and villagers about pulse polio and vaccination benefit on 25-01-2019

We visited the Anganwadi School and interacted with the teachers, she assured that, she definitely takes all children of the school and gets polio drops and vaccination. We advised them that “It’s all of our responsibility to prevent polio from affecting our children and letting them grow with full potential. New parents must join hands in eliminating polio virus from India and the world by giving polio vaccine and by spreading the awareness about it”

A snap with all the volunteers and faculty who attended the event on 25-01-2019

List of Volunteers:
