An awareness Program on Water Conservation

Students also told some of the tips for not to waste the water and how to reuse water. For example, water which used to wash the vegetables can also use for plants instead of wasting. Later we also conducted the same programme to the ZPHS School Students. We interacted with how they are utilizing water in different ways then we discussed the ways how to reduce the wastage of water.

Waystosave water:

- Use of Jug while brushing your teeth.
- Turn off the taps when not in use.
- Washing vegetables in a tub of water instead of a running tap.
- Don't throw plastic in rivers or ponds to reduce pollution.
- Use low flow showerhead.
- Water your yard and outdoor plants early or late in the day to reduce evaporation.
- Use a broom, not a hose to clean driveways and walkways.
- Use a shut-off nozzle on your hose.
