Environment Enrichment & Climate Change/ Global Warming

Details of the Event

Date of the Event :24-09-2022

Name of the Event :Environment Enrichment & Climate Change/ Global Warming

Venue :Ippatam.

No. of Participants :Students:93, Staff:03

Objective:

The objective of the "Environment Enrichment & Climate Change/Global Warming" program conducted by the Department of Agriculture (B.Sc (Honors)Agriculture) under the National Service Scheme (NSS) at KL Deemed to be University was to raise awareness about the impact of global warming and climate change on the environment. The program aimed to educate the villagers of Ippatam about the importance of environmental conservation and the measures they can take to mitigate climate change.

Description:

The program took place on 24-09-2022 at Ippatam Village. The students from the Department of Agriculture, divided into two groups, initiated the awareness program at 10:00 AM. The program focused on educating the villagers about the hazards of crop residues burning and its contribution to global warming. The students worked alongside their respective teachers incharge, including Dr.Md.Abdul Basith.

The villagers warmly welcomed the volunteers and expressed a keen interest in learning more about seasonal diseases. The volunteers visited every house in the village to educate the residents about preventive measures. They were pleasantly surprised to discover that most of the villagers already followed these measures diligently.

The success of the program was attributed to the guidance and support of Dr. Ch.Hanumanth Rao (Dean of Student Affairs), Dr. K.R.S. Prasad, and Dr. Habibulla Khan (Advisors of Student Affairs) .Mr. P.Srikanth Reddy, the Program Coordinator, initiated the idea and provided utmost support for the event. The coordination of the program was carried out by Mr.P.Suresh,the Coordinator of Community Engagement Activities(CEA).

Outcome:

The "Environment Enrichment & Climate Change/Global Warming" program achieved several positive outcomes. Firstly, it successfully raised awareness among the villagers of Ippatam about the hazards of crop residues burning and its contribution to global warming. The program aimed to highlight the importance of environmental conservation and the role individuals can play in mitigating climate change.

The villagers' proactive engagement and existing knowledge of preventive measures for seasonal diseases indicated that they were already conscious of environmental concerns. The program further reinforced these practices and encouraged their continuation.

The support and appreciation from key individuals within the university, including the Dean of Student Affairs and the Advisors of Student Affairs, contributed to the success of the event. The involvement of Mr.P.Srikanth Reddy as the Program Coordinator and Mr. P. Suresh as the CEA Coordinator ensured effective planning and execution of the program.

Overall, the "Environment Enrichment & Climate Change/Global Warming" program successfully met its objective of raising awareness about the impact of global warming and climate change. It empowered the villagers with knowledge about environmental conservation and encouraged them to continue practicing preventive measures for a sustainable future.

Plant care is the responsibility of the people.

Tadepalli, Major Spoons: Munnangi Vivekananda Reddy, president of the Rotary Club of Tadepalli, suggested that the responsibility of taking care of the plants lies with the local village people. Speaking to the local people during the sapling program under taken by NSS volunteers in the local Ipptam village under the auspices of KL Deemed University Agriculture College on Saturday, he said that if the students plant saplings, the locals should take responsibility for growing them.
