Report on Swachh Bharat

Conducted on 13-10-2022 at Chirravuru

Details of the Event:

Date of the Event : 13-10-2022

Name of the Event : Swachh Bharat Program

Venue : Chirravuru

No. of Participants : Students:94, Staff:02

No. of Beneficiaries : 76

Objective:

The objective of the "Conduction of the Swachh Bharat Abhiyan" by the Computer Science Engineering (CSE) National Service Scheme (NSS) Unit-07 at KL Deemed to be University was twofold. Firstly, the program aimed to initiate awareness regarding the Gandhian philosophy of "cleanliness is next to godliness," emphasizing the importance of cleanliness as a fundamental value for societal well-being. Secondly, the initiative sought to educate children about the significance of maintaining a healthy environment and promoting healthy living habits. Through various activities such as cleanliness drives, waste management awareness campaigns, and interactive sessions with children, the program aimed to instill a sense of responsibility towards cleanliness and environmental conservation among participants. By aligning with Gandhian principles and promoting the values of cleanliness and hygiene, the event aimed to contribute to building a cleaner, healthier, and more sustainable community.

Description:

On 13-10-2022, the Computer Science Engineering (CSE) National Service Scheme (NSS) Unit-07 organized a "Swachh Bharat" Program at Chirravuru Mandal Parishad Primary School Premises. Volunteers, accompanied by faculty members and mentors, commenced the program at 9:15 AM from the KLEF Campus, reaching Chirravuru by 10:00 AM. The initiative began with cleaning the premises of Chirravuru, our adopted village, during which plastic bottles, biscuit, and chocolate wrappers were collected. The Swachh Bharat Mission, initiated by the Government of India in 2014, aims to eradicate open defecation and improve solid waste management, thus

enhancing cleanliness and personal hygiene in rural areas. The mission's goal of making India open defecation free by 2nd October 2019 includes constructing 90 million toilets in rural areas at an estimated cost of Rs 1.96 lakh crore. This nationwide campaign has significantly improved hygiene standards by cleaning streets, roads, and infrastructure in cities, small towns, and rural areas, while also promoting the construction of household and community-owned toilets, ultimately elevating hygiene and sanitation standards across the country.

Outcome:

The "Swachh Bharat" Program conducted by the Computer Science Engineering (CSE) National Service Scheme (NSS) Unit-07 at Chirravuru Mandal Parishad Primary School Premises on 13-10-2022 yielded significant outcomes. The initiative successfully mobilized volunteers, faculty members, and mentors to actively participate in cleaning the premises of Chirravuru, contributing to the improvement of local cleanliness and sanitation. By collecting plastic bottles, biscuit, and chocolate wrappers, the event also addressed issues related to solid waste management and environmental conservation. Additionally, the program raised awareness about the Swachh Bharat Mission initiated by the Government of India, highlighting its goals of eradicating open defecation and improving hygiene standards across the country. Through such initiatives, the event demonstrated the commitment of the NSS Unit-07 to promote cleanliness, hygiene, and environmental sustainability within the community.

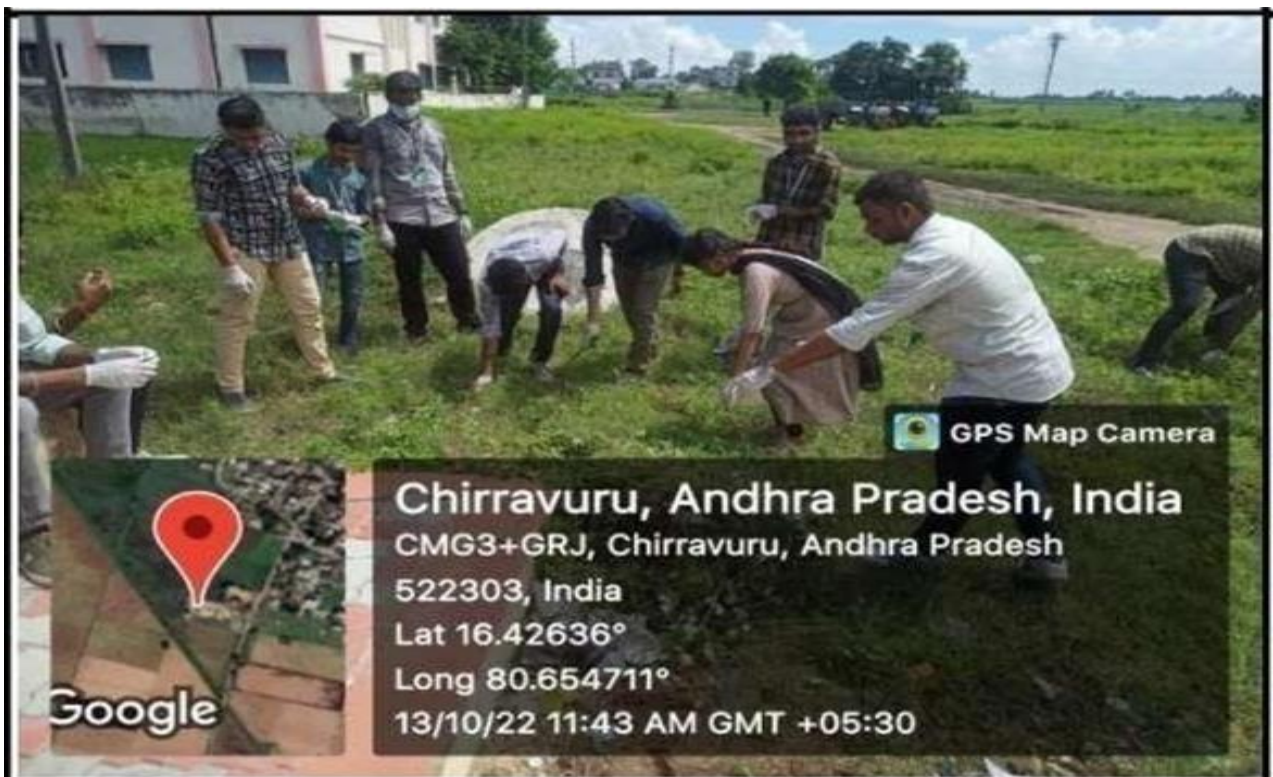

Impact on Society:

The "Swachh Bharat" Program by CSE NSS Unit-07 instilled a sense of responsibility for cleanliness and waste management among volunteers and community members in Chirravuru. Through active participation and awareness, the event promoted the goals of the Swachh Bharat Mission, fostering a cleaner and healthier environment while enhancing community pride and civic engagement.
