A Report on "Awareness on Rain water Harvesting" Conducted on 02-11-2022 at Ippatam Village

Details of the Event:

Date of the Event :2-11-2022

Name of the Event : Awareness on Rain water Harvesting

Venue :IPPATAM

No. Of Participants :Students:94,Staff:02

Objective:

The objective of the "Awareness on Rainwater Harvesting" initiative by KLEF NSS Unit-04 from the Department of B.Sc. (Hon.) Agriculture at Ippatam Village was to enlighten and raise awareness among villagers regarding the significance and advantages of rainwater harvesting. The program sought to tackle the challenge of water scarcity during the summer months by emphasizing the role of rainwater harvesting in conserving and utilizing water resources efficiently. To ensure effective dissemination of information, the team organized students into various groups, each tasked with spreading awareness and educating the community about the techniques and practices involved in rainwater harvesting.

Description:

KL Deemed to be University's Department of B.Sc. (Hon.) Agriculture, in collaboration with the National Service Scheme (NSS) Unit-04, organized an "Awareness on Rainwater Harvesting" program at Ippatam Village. Dr. D.P. Senthil Murugan, HOD of B.Sc. (Honours) Agriculture, commended the initiative proposed by the NSS volunteers. The team, led by KLEF NSS Unit-04, was inspired to conduct this program to address the water scarcity issue faced by villagers during summer months. Upon obtaining necessary permissions, the team reached the village on 02-11-2022, and they promptly divided the students into teams to spread awareness about rainwater harvesting. The villagers were informed about the benefits of rainwater harvesting, particularly in replenishing groundwater levels and efficiently utilizing rainwater. The initiative received positive feedback from villagers, with some expressing interest in adopting rainwater harvesting practices.

The active participation of students was crucial in the success of the program. Under the guidance of Dr. Ch. Hanumanth Rao, Dean of Student Affairs, Mr. P. Srikanth Reddy, Programme Coordinator of KLEF NSS, provided unwavering support to the volunteers. The event was coordinated by Programme Officer Dr. Md. Abdul Basith, Mr. P. Suresh, NSS Coordinator, and Mr. GVKP Chandrasekhar, Student Mentor.

Outcome:

The outcome of the "Awareness on Rainwater Harvesting" program was highly positive. Villagers gained a better understanding of the benefits of rainwater harvesting, particularly in addressing water scarcity issues during summer months. The initiative sparked interest among villagers, with some expressing eagerness to adopt rainwater harvesting practices in their homes. By educating the community about the importance of rainwater harvesting, the program contributed to raising awareness and promoting sustainable water management practices. Additionally, the active involvement of students in spreading awareness played a crucial role in the success of the event.

Impact on society:

The impact of the "Awareness on Rainwater Harvesting" program on society was significant. By educating villagers about the benefits of rainwater harvesting, the event contributed to enhancing water sustainability and addressing water scarcity issues in the community. Increased awareness led to the adoption of rainwater harvesting practices by some villagers, potentially improving access to water, especially during dry seasons.

KL University NSS Volunteers Awareness on Rainwater Harvesting to Villagers on 02/11/22

Groundwater Conservation: A Community Responsibility

Tadepalli Rural: Groundwater conservation is essential, emphasized Senthil Murugan, Head of the Department at KL Deemed University College of Agriculture. On Wednesday, in Ippatam village of MTMC Paridhi, NSS volunteers conducted a door-to-door campaign to educate residents about the importance of conserving groundwater. Speaking on the occasion, Murugan highlighted that it is the current generation's responsibility to ensure water resources are available for future generations. He urged everyone to install tanks on their houses to store rainwater, promoting sustainable water management practices.
