Dr. P.Polu Raju, Chairman of BoS, started the meeting remarks by welcoming and introducing the external members to the internal and special invite members and thanking them for accepting to become members of the Board of Studies. The chairman put forward the Agenda items before the Board of Studies meeting.

The following items of the agenda were placed for consideration before the Board of Studies in Civil Engineering at its present meeting.

AGENDA and RESOLUTIONS

AGENDA ITEM-I

Agenda: To consider and approve the B.Tech Curriculum of Y23 and Y24 admitted batch students	Resolution Passed: It is resolved to curriculum of Y23 and Y24 admitted batch B.Tech students and to recommend the same to academic council for further approval.
--	---

RESOLUTION:

Chairman BOS explained the members that based on the NEP policy framed by Govt. of India, it is accommodated in the curriculum of Y23 and Y24 admitted batch students the multiple entry and multiple exit. Students who wish to discontinue their B.Tech after completion of 2 years will be given a Diploma and after completion of 3 years students will be awarded B.Sc Degree.

- 20 Programs with Flexibilities were introduced to Y23 and Y24 admitted batch students. Following are the flexibilities offered
 - No Flexibility and No add on
 - Honors with no add on
 - Honors through research with no add-on
 - Honors through Innovation with no add-on
 - Honors through Experiential learning with no add-on
 - No Flexibility with Specialization

AGENDA ITEM-II

Agenda: To approve the curriculum of M.Tech-Construction Technology and Management,, M.Tech-Structural Engineering and M.Tech Geo informatics programs of Y24 admitted batch students

Resolution Passed: It is resolved to approve the curriculum of Y24 admitted batch M.Tech-Construction Technology and Management, M.Tech-Structural Engineering and M.Tech Geo informatics programs and to recommend the same to academic council for further approval.

RESOLUTION:

1. The BoS committee appreciated that overall structure of the M.Tech programs (SE,CTM & GI) for A.Y-2024 are Good and suggested to cover the basic concepts in professional core courses and anything is required to cover extra, it is to be covered in the form of professional electives. Ensure that there is no repetition in the content, and program structures are attached in **Annexure 7**.

AGENDA ITEM-V

Agenda: To consider and approve the introduction of New courses proposed for B.Tech Y24 & Y23 admitted batch students and To approve the recommendation made by Course Coordinators of 2024-25 Odd Sem

Resolution Passed: It is resolved to approve the New courses proposed for Y23 and Y24 admitted batch B.Tech students and to recommend the same to academic council for further approval.

It is resolved to approve the recommendation made by Course Coordinators of 2024-25 Odd Sem and to recommend the same to academic council for further approval.

DISCUSSION:

Following are the deliberations made in the meeting in the curriculum of Y24 and Y23 admitted batch

1. Dr. G. Apparao, Professor IIT Chennai, proposed The following modifications are made in Professional Core Courses (PCCs) of B. Tech Civil Engineering from Y23 & Y24 batch onwards:

1. Concrete technology course Credits 3 for Y22 Batch modified 4 credits for Y23 and Y24 batch onwards.
2. Building Materials, Planning and Drawing course replaced with Artificial Intelligence and Machine Learning course.
3. Building Materials, Planning and Drawing course is recommended to introduce as in PCC but we are offered in Flexi core course, the resolution was successfully passed and subsequently recommended to the academic council for approval of the new course in Computation Biology.

2. Er. M. H. Reddy, DEE APCRDA Vijayawada proposed The following modifications are made in Flexi Course Courses (FCs) & Professional Elective Courses (PEs) of B. Tech Civil Engineering from Y23 & Y24 batch onwards:

Water Resource Engineering, Design of Steel Structures, and Construction Planning & Management are courses offered as Flexi Course Courses (FCs) from Y22. They will be replaced with Building Materials, Planning and Drawing, Foundation Engineering, and Irrigation Science for the B. Tech Civil Engineering program starting from the Y23 & Y24 batches.

Professional Elective and skill courses Courses

1. Add any Professional Elective courses. Include one course on Civil Engineering Testing Methods, covering soil sampling and collection, material testing (both destructive and non-destructive), and water analysis Add formwork as one of the Professional Elective courses. The remaining Elective courses to be followed by the Academic Year 2023 are attached in **Annexure 10**
2. Visualization & Modelling for Structural Design, Building Information Modelling (BIM), Analysis & Design of Multi-Storied Structures using ETABS and Specialization Specific Skill

Project in SDP4 for Y24 batch and after extensive discussion, the resolution received approval, with a subsequent recommendation made to the academic council .

- 3 The list of NPTEL/Swayam courses offer open electives, audit courses, management electives and foreign language courses are recommended and approved attached in **Annexure 11**.
- 4 List of Moocs courses offering for the year of Y23 and Y24 batches of (PE-4) Professional Elective courses are recommended and approved.
- 5 As per the suggestions of group heads to combine Human Values and Gender Sensitization courses and to include ethics also in the course, it is resolved to offer Human Values, Gender Equality and professional Ethics as new course for Y23 and Y24 admitted batch students.
- 6 Based on the recommendations of English department it is proposed to offer "Language Skills for Engineers (L-T-P-S:0-0-4-0)", "Communication Skills for Engineers(L-T-P-S:0-0-4-0)" in place of English Proficiency and Integrated Professional English and a new course "Leadership and Management Skills(L-T-P-S:0-0-4-0)" is offered to Y24 admitted batch students.
- 7 As per the recommendations of Computer Science department it is proposed to offer "Computational Thinking for Problem Solving" in place of Computational thinking and Structured Design, "Data Structures using Python" in place of Data Structures, "Artificial Intelligence and Machine Learning" in place of Data Driven Artificial intelligence and "Computational thinking for Object oriented programming" in place of Object Oriented Programming for Y24 admitted batch students.
- 8 As per the recommendations of Group Heads New courses were introduced for Honors programs under Honors flexi courses(HFC), Honors Research Courses(HRC), Honors Innovation Courses(HEC) and Honors Experiential Learning(HEC) categories
